## NOTES

1. The Firm, 361 Capital, is an independent investment adviser registered under the Investment Advisers Act of 1940.
2. The 361 Large Cap Concentrated Equity Institutional Composite was created on October 31, 2016. The composite was previously the BRC Large Cap Concentrated Institutional Composite. Performance results prior to 361 Capital LLC's acquisition of BRC on 10/31/2016 represent accounts managed by the firm's employees and members who made up substantially all the investment decision makers at BRC. This composite includes all 361 Large Cap Concentrated Equity Institutional accounts over \$2 million that have been under management for at least one month. Prior to June 1997 the account minimum was \$100 thousand. All accounts have target allocations to large-cap securities of at least 90%. Beginning July 1, 2002, any account that has a cash flow larger than 10% of the composite is removed from the composite. Beginning January 1, 2010 composite policy also requires the temporary removal of any portfolio incurring a significant cash flow larger than 50% of portfolio assets. Beginning January 1, 2013, composite policy requires the temporary removal of any portfolio incurring a significant cash flow larger than 10% of portfolio assets. The temporary removal of such an account occurs at the beginning of the month in which the significant cash flow occurs and the account re-enters the composite in the month following the cash flow or full investment in the strategy. Additional information regarding the treatment of significant cash flows and a complete list and description of firm composites is available upon request by contacting 361 at [info@361capital.com](mailto:info@361capital.com).
3. The benchmark for the composite is the S&P 500 Index. The benchmark and composite returns include the reinvestment of income, but the composite does not include trading costs, management fees or other costs.
4. All returns are expressed in U.S. dollars.
5. Gross-of-fees performance returns are presented before management and custodial fees but after all trading expenses. Net-of-fees performance returns are calculated by deducting the actual management fees and other applicable advisory fees from the gross composite return.
6. The standard management fee ranges from 0.75% to 0.45%. Please refer to the ADV for additional details.
7. Composite internal dispersion is calculated using the asset-weighted standard deviation of all portfolios that were included in the composite for the entire year.
8. Performance figures are based upon historical information and do not guarantee future results. Investing involves, risk, including possible loss of principal. Actual results may differ from composite results depending upon multiple factors including the size of the account, investment objectives and restrictions, the amount of transaction and related costs, significant cash flows into or out of the account, and the inception date of the account. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request ([info@361capital.com](mailto:info@361capital.com)).
