

Our Response to COVID-19 Virus

We understand that this is an extraordinary time for all and hope that you and your family are staying safe and healthy.

We wanted to assure you that 361 Capital is fully operational at this time. We have systems in place that provide various levels of redundancy and our business interruption plans have been tested rigorously and frequently.

361 Capital employees have been instructed to work remotely until more favorable developments occur that will allow for a normalized working environment. All business travel has been postponed, and meetings are being conducted with the use of video-conferencing software. There has been no disruption in service and all portfolio management and trading activities have continued without interruption.

If you have any questions or we can assist you in any way, please do not hesitate to reach out us.
