

Stocks are at All-Time Highs While Interest Rates remain Close to All-Time Lows

Over the past 25 years, stock rallies have been followed by major corrections. Is your portfolio prepared? Additionally, with near-historic low interest rates, how will traditional bond investments generate future returns?

Past performance is not indicative of future results. Source: Morningstar. Data from 01/01/94-06/30/20. U.S. Treasuries are guaranteed by the full faith and credit of the U.S. Government. Mutual Funds are not guaranteed by the U.S. Government or any other governmental agency and are subject to risks including possible loss of principal. Indexes are unmanaged and it is not possible to invest in one directly.
